1 Designing hypermedia help systems: problems and issues

A. Ogura, J. Robertson

November 1989 **SI GDOC '89: Proceedings of the 7th annual international conference on S documentation**

Publisher: ACM

Additional Information: full citation, abstract, index terms

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citation Count: 0

Over the past few years we have seen a significant increase in hypertext and hypermedia variety of products now available is quite impressive and it seems we are constantly adding even more innovative hypersystems. Clearly, hypermedia ...

2 Generating environments for programming-in-the-large

Wafa Khorshid

February 1988 **CSC '88: Proceedings of the 1988 ACM sixteenth annual conference on Computer systems**

Publisher: ACM

Full text available: Pdf (94.01 KB) Additional Information: full citation, abstract, references, index

Bibliometrics: Downloads (6 Weeks): 2, Downloads (12 Months): 5, Citation Count: 0

In order to provide better programming environments, language-based tools are introduced which use knowledge of a programming language's structure to provide special development facilities. However, current software environment ...

3 Extracting usability information from user interface events

David M. Hilbert, David F. Redmiles

December 2000 **Computing Surveys (CSUR)**, Volume 32 Issue 4

Publisher: ACM

Full text available: Pdf (1.50 MB) Additional Information: full citation, abstract, references, cited

Bibliometrics: Downloads (6 Weeks): 82, Downloads (12 Months): 647, Citation Count: 36

Modern window-based user interface systems generate user interface events as natural normal operation. Because such events can be automatically captured and because they behave with respect to an application's user interface, ...

Keywords: human-computer interaction, sequential data analysis, usability testing, user monitoring

4 Huddle: automatically generating interfaces for systems of multiple connected applications

Jeffrey Nichols, Brandon Rothrock, Duen Horng Chau, Brad A. Myers

October 2006 **UIST '06: Proceedings of the 19th annual ACM symposium on User interface technology**

Publisher: ACM
